- "Supports Heart Health & Cell Membrane Integrity\*

Neptune Krill Oil™ provides significant health benefits from three important nutritional categories: omega-3 fatty acids, phospholipids and antioxidants. These nutrients work together to support healthy cell membranes, joints, the heart and many other body systems. NKO™ helps maintain healthy cholesterol, LDL cholesterol and triglyceride levels that are already in the normal range.\*

Neptune Krill Oil is an extract from Antarctic krill. The omega-3 fatty acids in NKO™ - which are almost exclusively EPA and DHA -- are in the form of phospholipids, contrary to all other marine oils where the fatty acids are in triglyceride form. This makes the omega-3 in NKO™ significantly more bioavailable than fish oils.\*"
